

Fall Club Registration

2017 September, October & November Afternoon Clubs

Afternoon STEAM Club Programming. This year HeartPrints will offer 5 afternoons of club programming. The foundation of our club curriculum is **STEAM education.** STEAM is an acronym that refers to education-related programs in the disciplines of science, technology, engineering, arts and mathematics. STEAM education indicates integration of at least two of the STEAM disciplines within a curricular activity. Our club curriculum is designed to support and enhance young children's learning through quality activities that expose children to new concepts/ideas and encourage children to use their developing skills in a variety of creative ways.

Programs are open to preschool and kindergarten children.

**We are offering Clubs Monday - Friday afternoons from 1:00-4:00 pm.
4:00-5:00 Extensions are available.**

**The Fall Session will run Monday, September 11th through Friday, December 1st.
Please Note school closings on the attached calendar**

Club Schedule & Topics:

Monday – Engineering Club (Gadgets, circuits, buildings & more!)

Let's tinker away as we investigate. Join us while we investigate simple machines like levers, pulleys and inclined planes. We will learn how these simple machines helped create the pyramids and prevented the Leaning Tower of Pisa from toppling. Students will build catapults and marble runs.

Tuesday – Chemistry Club

In **September** children will have fun experimenting with colors. They will be mixing, blending and using a unique color transferring process.

October will be filled with magical potions. They will make things that are bumpy, slimy and fizzy.

November is all about edible chemistry. Children will create edible treats that go from solid to liquid and/or liquid to solid.

Wednesday – Forestry Club

Nature is such a magical place! In Forestry Club, we will be learning about the many marvels that nature has to offer!

We will make the most of **September's** nice weather by focusing on trees. We will spend time in the Heart Prints Forest exploring and learning about trees, bark, leaves and the many animals that inhabit them.

In **October** we will focus on the changes that begin to occur as the weather gets cooler. We will conduct experiments to learn about the chlorophyll in leaves. We will also learn about the growth process of pumpkins by starting to grow our very own! The colorful leaves will inspire artwork as well.

As the weather cools down in **November**, our outdoor experiences will start to move indoors. We will explore natural versus manmade resources. We will use recycled materials to make our very own paper as we learn about reducing, reusing and recycling to keep our Earth healthy.

Thursday – Creative Arts Club

Each Thursday will be filled with music exploration and appreciation.

In **September** children will be introduced to Antonio Vivaldi and learn about the four seasons through music, dance and the use of instruments.

October's club will focus on three famous composers Modest Mussorgsky, Camille Saint-Saens, and Edvard Grieg (from the Trolls Movie).

November will be all about the Nutcracker and Tchaikovsky.

Games, songs, choreographing dances and art will all be included in this fun Thursday club.

Friday – Cooking Club

Our friends from "Meals on Wheels" are excited about the Friday cooking club starting up again. After taking a break for the summer, the children will be baking and sampling delicious treats that we will deliver to this great community program.

September we will be cooking with apples.

October we will be making different types of breads ex: Zucchini bread, pumpkin bread

November will be pie making! Children will choose a type of pie they would like to make for their family and will take it home for Thanksgiving.

Math Skills Incorporated in this club: Doubling a recipe requires addition (or multiplication) skills, halving it require division, and recipe fractions like 1/2 cup and 3/4 teaspoon bring math applications into the kitchen. Often, kids don't recognize they are practicing math!

Registration Directions:

Step one: Look at the attached calendar. Choose clubs that work for your child.
Write Child's Name in the selected date(s) on the calendar.

**** Turn in the calendar with monthly registration form and payment.**

Step two: Calculate your costs per clubs and/or lunches and fill in the attached registration form along with your payment.

Step three: **Turn in the completed calendar, monthly registration form and payment** into the marked box in your child's classroom.

Each Club meets one day per week. Each Class is \$30.00 per day/class with the option to include lunch for an addition \$10.00 fee per day/class.

The registration for Fall Clubs is due Thursday, September 14th.
If you plan to register your child month by month, please turn in your form by the 15th of each month prior.

Cancellation Policy:

Classes are subject to a minimum and maximum enrollment. In the event of our cancellation, HeartPrints will attempt to notify you in advance and offer you another club selection. Missed classes **will not** be refunded or credited. Any changes must be preapproved by Grace or Julie.

Please choose your child's clubs carefully as staffing levels need to be in place for each club.

Afternoon Club Monthly Registration Form – 2017 Fall Club Session

I have registered (**Name of Student**) _____ for the following club days for September, October, and November 2017.

_____ X 30.00 = _____ Number of Fall Clubs (\$30.00 per day/club)

_____ X 10.00 = _____ Number of Fall Lunches (\$10.00 per day/lunch)

_____ TOTAL DUE

Please turn in this form, the completed calendar, and your payment by Thursday, September 14th. If you would like to register 1 month at a time, please turn in your form by the 15th of the month before. There are add-on forms in the lobby if you would like to sign up for additional clubs and do not need the full packet.
