Suggested 18 months-6 years

Accompanied by an adult

Class Schedule:

Friday mornings

Class Time:

11:15 - 11:45 AM

Fee:

\$5.00 cash only

Heart Prints' Story Time is designed as a collaborative learning experience for parents and their children. Our goal is to expose children to art, literature, and a classroom environment that is set up for exploring.

Each Friday, the teachers will set up table experiences in the classroom, including one art project. The children can move between these experiences with their adult for the first part of *Story Time*. Then, one of our teachers, will invite everyone to our meeting area to participate in a story. We will finish *Story Time* with some singing and dancing music.

The learning environment will include:

- Sensory experiences that encourage participation
- Opportunities to explore exciting materials and equipment
- Opportunities to strengthen both large and small motor skills
- Music and movement
- Story
- Cooperative experiences that expose children to the social world

Children should wear comfortable clothing suitable for experimentation with a variety of art materials.

Because this class is designed as a special learning time, please make sure each child is accompanied by an adult. The adult is required to stay with their child for the entire *Story Time*. At no time should a child be left unattended.

The cost of *Heart Prints' Story Time* is \$5.00. Payments will be accepted in cash only. It is preferred that you have exact change. No refunds will be given if you leave *Story Time* early.

Class Time:	9:00 - 11:00 AM
Fee:	\$80.00/month
Registration fee:	\$25.00

This class is designed as a collaborative learning experience for parents and toddlers. Our goal is to introduce toddlers to cooperative learning experiences with the support of parents and teachers. If parents are unable to attend classes, other family members can accompany the child to class.

Each morning, our teachers will design a learning environment that embraces toddlers' unique style of learning. Parents will move through these experiences with their toddlers.

The learning environment will include:

- Sensory experiences that encourage participation,
- Opportunities to explore exciting materials and equipment
- Opportunities to strengthen both large and small motor skills
- Music and movement
