HOLIDAY CLASSES

During the month of December, HeartPrints will offer special holiday classes.

In the Gift Making classes, children will enjoy creating artistic gifts for someone special in their lives. Children attending both Gift Making classes will make two different unique gifts. All gifts will be wrapped and ready to give.

In this special holiday class, children will be transported to a gingerbread land. We will read gingerbread stories, play gingerbread games, and each child will create their own Gingerbread house to adorn their home for the holidays.

Limited spaces are available in all classes.
